## MEDIA ADVISORY

### **Generac® to Showcase New Residential Product Trailer at Jasper, Ga., Home Depot**

**Waukesha, Wis. – October 14, 2010** – [Generac Power Systems, Inc.](#) (Generac) will showcase its new Residential Product Trailer on Thursday, October 21 from 7:00 a.m. until noon at The Home Depot, 205 Bill Wigington Parkway, Jasper, Ga., for press and customers to tour.

The trailer will be in the parking lot in front of the store. Visitors will see how Generac automatic home standby generators restore power through a simulated outage in the truck. This is a timely opportunity for homeowners to learn how to protect their homes from the danger and inconvenience of power outages due to severe weather.

The Home Depot has sold Generac automatic standby generators since 1990, in response to the growing need for automatic backup power. The Home Depot offers installation services through a network of licensed, authorized service providers.

**WHO:** Generac Power Systems and an authorized installer

**WHAT:** Tour of the Residential Product Trailer

**WHEN:** October 21, 2010, 7:00 a.m. until noon EST

**WHERE:** The Home Depot, 205 Bill Wigington Parkway, Jasper, Ga. 30143 – Parking lot in front of the store

**RSVP:** Press interested in touring the truck should RSVP to [Kate Krejci](#) before October 20<sup>th</sup>.

###

**About Generac (NYSE: GNRC)**

*Since 1959, Generac has been a leading manufacturer of backup power generation products serving residential, light commercial and industrial markets. Generac's power systems range in output from 800 watts to 9 megawatts and are available through a broad network of independent dealers, retailers and wholesalers. The company is a proud supporter of the Home Safety Council. Generac is committed to developing a long-term vision that promotes environmentally responsible products, processes and partnerships and strives to be a positive contributor of sustainable growth in the backup power generation industry. For more information on Generac and its extensive line of both portable and automatic generators, visit [www.GENERAC.com](http://www.GENERAC.com).*
